Dear Lauri,
I want to thank you for helping me find my first home. It happened so surprisingly quick I still cannot believe all within a month. I am really enjoying the town and being close to the shops, theaters, and restaurants. Many thanks, too, for the home journal, cookbook, and goodies. It was very thoughtful of you. Enjoy your holidays!

Please respond to the following:

1. General Comments... My husband and I selected a property in Tennessee on Dec. 16, 2006. We were not looking forward to the stress of selling our home in Mt. Prospect, Ill in the current slow, slow market and, in addition, our home needed decorating. We knew that we were going to need a Realtor who could work with us. We didn't have the energy to coordinate the work to redecorate our home — not to mention the expense. We finally made our decision and selected Lauri Rosenbloom and the For Sale sign went up on Tuesday, January 16, 2007.

2. My ability as a Realtor... Lauri realized that we were not up to decorating — and — in that light — guided us on the best way to show our home. Lauri was always calm, soothing, thorough, consistent, patient, informative, enthusiastic, helpful, resourceful, professional at all times, noticeably groomed, always prepared with all necessary paperwork, charts, etc. Lauri was always on top of the situation at hand and always on the "same page" with us and always in touch with us by phone.

3. Ways I can improve as a Realtor... Our home sold so fast (in five (5) days) — our home was sold on Saturday, January 20, 2007. We had to thank Lauri for getting our attention and motivating us to select her as our Realtor. To sign with a Realtor is a big step but Lauri projected a professional reassuring manner. How can we suggest ways to improve as a Realtor when there was such total success with Lauri.

4. Would you refer me to friends and family? Jerry and I and our family, relatives, friends and neighbors could not believe our home was sold so quickly — we would be happy to recommend Lauri Rosenbloom.

Thank you so much,

Lauri Rosenbloom

2. My ability as a Realtor... Very knowledgeable professional with a lot of experience. Knows the housing market and how to get the best deal for the customer. Knows what it takes to sell.
3. Ways I can improve as a Realtor...
4. Would you refer me to friends and family? We would most definitely recommend to friends and family. Excellent job of selling our home + purchasing a new home. Coordinated the sale and purchase and time as promised.
Thank you so much,

Lauri Rosenbloom
